MISC. IDEA'S:

Create the very popular "Y" style with these pieces just by attaching the bracelet to the front of the necklace.

- Christie N & B
- Matinee N & B
- Bronze Beauty N & B
- Belissimo N& B
- Desert Sun N & B (no pendant)
- Megan N & B
- Lauren N & B
- Melrose N & B
- Spectrum N. doubled & B
- Golden Girl N. add B., extender in front, add Regal Cross or First Class Pend.

Layer or Stack these together to create a variety of lengths and textures. With the extra long necklaces...double them and try to stagger the lengths short and long.

- Café au Lait N. & Peaches & Cream N.
- Flora N. & Christie N.
- Bronze Beauty N. & Desert Sun N.
- Bamboo N. & Spice N.
- Sweet Dreams N. & Blue Lagoon N.
- Sienna N. & Golden Girl (add First Class P. or Regal Cross to the shorter length of Sienna)
- Sienna N. layered with Truffle N. or Tuscany N.
- Sienna N. layered with Savannah N.
- Sienna wrapped 3 times with Honey N. layered in
- Kaliedescope N. & Golden Girl
- Spectrum N. with Spectrum B. attached double so the bracelet hangs in the front...it has two strands of beads (for more bold look, add Mayfair P.)

To lengthen a necklace that has matching bracelet, just put them together. This looks great with the toggle closures in the front when possible.

- Megan N. & B.

Fall Fashions and Accessorizing for Fall 2006

Fashion is really changing this season and it usually changes with what is going on with the economy. NO MORE SPARKLES AND SPANGLES! The colors are going more neutral and toned down so we can show off “our” sparkles and spangles, which is JEWELRY! The prints and patterns are subtle and soft. (camel/browns, black/white, grays, winter white/silver gray)

Hot Trends

1. Military look- gold buttons, military jackets
2. Military maneuvers- camo colored everything
3. Russian roulette
4. Victorian gothic- frilly blouses, soft blouses with lace, lace on shoes and purses
5. British country- plaid influence (skirts, blazers, purses), sweaters, suede boots, berber

Colors to use to make an outfit “POP”

1. Purple
2. Red
3. Peacock
4. Pumpkin
5. Greens- forest green

Details on items (shoes, purses, belts)

1. Lace
2. Velvet
3. Fur
4. Grommets (not sequins)

Jewelry

Long layered looks are in and the 4-finger rule is out! “Y” looks are very popular of all lengths (chokers or longer). Colors include; lots of golds, browns, purples, and blues. Big 80’s style necklaces are back! Bangles, bangles, bangles going all the way up the arm. Big bracelets with big charms attached (pendants from necklaces). Pins galore- where your pins at the waist, over buttons, on the end of your sleeve not just on necklaces and on jackets~ wear them everywhere! Jewelry is all about the woman!

Other Fun Facts

Palazzo pants, leggings, stirrup pants, catsuits, and gaucho pants are coming! Pants of all lengths including long shorts, crop pants, Capri’s, and paneled pants will be hot. Short jackets with long shirts not tucked in with a belt. Belts at the waist and not hanging low are very popular~ give the illusion of a waist even if you don’t have one~ wear your belts up high and cinched! Handbags are BIG with very clean lines and not a lot of doo dads. BIG hair is also coming back ~ total 80’s fashion. Big sunglasses! Lots of different textures put together (croc/suede, suede/cashmere, leather/sweaters, fur/suede etc.)

An example of a perfect grouping of clothing~ winter white cashmere sweater, gray pants, croc brown shoes with pointed toe (uncomfortable of course), big brown sunglasses, bangle bracelets up the arms, long gold layered necklaces, brown leather gloves~ oohh lalala! Very chic, sophisticated, attitude! Go for it Girls!!!
